Using Smart and Economical ways

In fighting evil and promoting good, we must use smart and economical ways.

Billions are being spent in expensive ways of secret service, intelligence, CCTVs, 'see something say something systems', Policing, Snooping, manufacture of equipment and weapons to fight with when needed.

This pocket Guide **1 Minute** reading is proposing to use cheaper means as well such as

Believing in Christ

Some Facts

1. Won by prayer

WW II may have been won by gun and bombs, but there were unsung fighters who contributed significantly through prayers and believing in the power of Jesus Christ to win wars.

2. Church Buildings Deserted

Most people from the prayers generation are advanced in age or have died. Church buildings are being deserted and many converted to pubs or flats.

The newer generation are less religious. The **1 minute** guides are aimed at invigorating belief in God, who fights wars while his subjects watch in belief, not the other way round.

Exodus 14:14 God shall fight for you, you must hold your peace.

- ***He also gave him one law, which if broken would result in death.***
- ***There was rebellion in heaven, and Satan formed an opposing group, then visited Eden and cheated the woman to disobey God's law.***
- ***This was after alleging God was withholding wisdom from men, and that they would not surely die after eating the forbidden.***

- *War 111 - is when Christ returns to destroy the Devil*
- *Currently there is spiritual warfare in people's hearts as they choose whom they will follow Christ or Satan.*
- *Prophetic signs are in place showing how close we are to Christ's return, and choices will be sealed ahead of his return.*
